

Join in with S C A as we observe

Earth Day 2012

by participating in our

Earth Day Clean Up

along the **Schuylkill Canal Park** on **Saturday, April 21st**
from 9:00 AM to 1:00 PM

co-sponsors; **Altria Group of Companies,**
Montgomery County Parks & Heritage Services and Upper Providence Township.

Lend SCA a helping hand to do some basic sprucing up along the Schuylkill Canal Park area throughout Mont Clare and Port Providence, Upper Providence Township. Tasks to be completed include trail clearing, tire collection, flower planting, work in the herb garden, removal of fallen trees and litter pick-up just to name a few items on the TO DO list.

SCA is a registered participant in the "Great PA Clean Up", sponsored by "Keep Pennsylvania Beautiful." If you are a local company or a community service organization that would like to offer a volunteer labor force, there are plenty of areas between the river and canal that would benefit from a concentrated effort by a large group to do litter pick up and tire collection.

Volunteers should meet at Lock 60 in Mont Clare by 9:00 AM, sign in at the Locktender's House, be given an assignment and necessary tools and materials and then go from there. All that volunteers will need to bring along is the willingness to work; gloves, trash bags and all other materials will be provided by SCA.

Let's all gather together to make our little piece of Mother Earth much more beautiful. Come to volunteer an hour or two, or stay for the entire day and afterwards enjoy lunch with other volunteers. Whatever amount of time you can offer will be greatly appreciated. We have plenty to do; we just need your help to get it done!

Hot coffee & breakfast treats will be available between 8 AM & 9 AM that morning with snacks and beverages offered throughout the day for those volunteering. And lunch will be offered starting at 12 noon for still working. If there is a steady downpour of rain at 8:00 AM that morning the activities planned for the day will be cancelled. The rain date, if needed, is the next day, Sunday, April 22th, same time, place and program.

For more information and to sign up to volunteer, contact SCA at 610-917-0021 or via email at info@schuylkillcanal.com.
